Subject: Hi, these are my new hair pics, after 21 months of doing your proven method!!

These pics are from my April 2007 relaxer touch up, My October 2007 relaxer touchup, and my January 2008 relaxer touch up after being on your proven hair maintenance method for 21 months! The last 4 pics are of my 12 year old little sister's hair after being on your common-sense regimen for 11 months. She has NEVER had this much hair in her life and she is really happy her classmates no longer call her bald headed and tease her. My other sister is hardheaded, (she's 13).I pray she comes around, because she has soft 3c-4a type hair and she uses heat everyday, grease and beeswax, and she brushes it excessively.

Cathy I can't find the words to express how thrilled I am with the results I got. I think it's just God's mercy that when I went online I found your site 1st, so I didnt get duped into copycats and gimmicks. I am so glad I got it right the 1st time. *tears* Thanks again for your efforts. I wish Oprah or Tyra banks could give you the floor on one of their shows. I have NO DOUBT it would change black hair as we know it for good, and make you a trillionaire. Lady, you SURE have earned that kind of sucess and clout!

God Bless You!
