Hi Cathy,

Just a short email to say I regularly keep an eye on your website for new etc. and I love the new design, your hair looks wonderful and I hope to see you again soon in London (Afro Hair Show). I've attached some recent photo's of my hair growth, yes it's still growing strong and long thanks to you. I've now started work on my mothers head and she's loving it, not to mention all my girlfriends too.

Well hope to see you in London this year, until then take care.
