Subject: I love the products

Date: Mon, 23 Jun 2003 22:18:23 -0500

I currently reordered the Dew and the conditioner. I want to tell you this is the best product I have found. I use it for myself as well as my 13 year old daughter. She was having extreme problems with her hair and scalp because of eczema. This is the healthiest her scalp has been in a very long time, which means she isn't digging in her scalp and breaking her hair. Her hair is healthy and growing. The frequent washing is helping, not harming her dry condition. I told my hair stylist about the products and she wants to get them as well. She said my hair is so healthy and thick, that she can't believe it. This is the effect that we have noticed just in these first two months of using the products. I love the way my hair feels. Thank you, again.
