Hello Cathy,

Its Erika Rodden. I just wanted to tell you that you might of noticed me placing more orders than usual. This is because FINALLY all my African American girlfriends ARE FINALLY believing in this great product I'm obsessed with on the Internet!! At first I think the sistahs thought I was just crazy!! But last weekend I through my sons 7th birthday party. Well this gave me the opportunity to get all my friends that Ive told about your product together. They were just BLOWN AWAY by the way my hair looked and felt!!! Also when I went to get my last touch up I brought my dew with me. Well my hairdresser bought it off me!!! Brand new big bottle she loved it so much she had to have it NOW!! So NOW all my friends are wanting to borrow my book and want me to place orders for them. Which I will till they get the hang of it. But I just want them to try it so bad that I will do anything to help!! So just like meTHEY'LL BE HOOKED !!! THANK YOU AGAIN FOR MAKING ME LOOK AND FEEL GREAT ABOUT MY HAIR!! You should be seeing a lot more orders from Stockton, California!! Just wait till they tell their friends!!;)

Sincerely,

Erika Rodden
