Hi Cathy,

Just a quick note to give you an update on your products.

I contacted you in June 2004 after purchasing your book from Amazon.co.uk and a week after completing the book I invested in your products. I started your programme June 21st 2004 after I got my relaxer and I am truly amazed with the results.

Your products have produced wonders to my tresses. My hair was in good conditioner prior to using your products but I know now that its in top form and has grown rapidly. I never thought I could go past 6 weeks without a relaxer. After my relaxer in June, my next relaxer was August and then yesterday (November 11th 2004). My hairdresser couldn't believe the length on my hair and of course I asked her if I needed a trim and she said, 'It just needs skimming', she barely took anything off but I was pleased because my hair looks neat!

Once again, thank you for your products. I am well stocked up with your 32oz bottles and I will never be without it.

I even let my friend read your book and told her when she was finished to let me know and I'll let her borrow the conditioner and lotion - now she wants me to put an order in for her.

Take care, God Bless and keep up the good work.
