**Subject:** Best Products on the Market.

Dear Cathy,

I just want to say thank you for making some phenomenal hair products for "our" hair. My first purchase was the UBH Deep Conditioner and I used this on my hair and since then I have had 90% less hair shedding. When I discovered that the conditioner worked I then purchased the Lotion Crème Moisturizer. This was the best investment that I have ever made. The moisturizer is excellent. It leaves a shine on my hair without leaving it greasy. My problem in the past was that I had a beautiful shine on my hair with a lot of grease and oil residue because the products were greasy. I no longer have this problem thanks to your magnificent oil moisturizer and I literally get comments everyday about how beautiful and shiny my hair is. I have also received comments about how long my hair has grown. Thank you Cathy for your wonderful products.

Sincerely,  
Ebony Williams

P.S. I also eliminated brushes and blow dryers from my hair regimen thanks to your book.
