Subject: My Hair

Dear Mrs. Howse

My name is Hillary Deveaux and I just started using the dew, deep conditioner and going by the instructions in the book and my hair has improved. I no longer have clumps and balls of hair in my comb any more, and the texture of my hair has changed dramatically. I've been using your system for one week and already i've experience some changes.

Your system is awesome I highly recommend it to any one who is tired of wearing hair wigs be it stich or instant.

I'll take some before and after pictures and send it to you some time next year.

Yours Truly

Hillary Deveaux
