Subject: I took the 365 Day Challenge...

Hi, Cathy!

I just wanted you to know that last year on September 21st, I started the 365 Day Challenge and my hair grew approximately 6 inches or more. When I started the challenge, my hair was a little bit past my ear. Now, my hair touches my shoulders.

I've never had a problem with my hair growing, but I'm really into GOOD hair products, especially those that do what they advertise and keep my hair healthy. I have not found any product better than yours on the market and that is to be commended.

Take care, God bless and keep up the good work.
