Dear: Cathy Hawes

I just had my hair cut back in may 2005
and now it's down my neck and steel
growing very thick. In just 2 months.
one year from now I may opt to
trim my hair. Cathy now I have
control over my hair. I get my
Relaxer done every three months now 12-14 weeks
I love the Dew Moisturizer it
keeps my hair nice and soft.
I never use Blowdryer because
they dry your ends out. I
just let my hair air dry with
the dew and put my hair ~~clip~~ clip on
~~clip~~ and go. Happy Customer

Thank You
very Much
