Cathy,
Thank you and your staff very much for all of the kind and wonderful help. I didn't have e-mail there for a minute and I called today and talked to a wonderful member of your staff. Unfortunately I didn't get her name, but she was very kind and friendly. I appreciated that!

Cathy, my hair is so beautiful now. I have only had 4 deep conditionings to date, but the difference is tremendous! I moisturize with your product **daily**. I wear detachable extensions, as I've said, and I have been accidentally injuring myself by pulling on MY OWN HAIR thinking that it is the extended hair because the texture and health of it looks EXACTLY like the **high quality, expensive hair** that make up my extensions! (That's how I roll--can't have no cheap extensions). Please find out who I talked to today and thank her so very much! I am so excited about my hair that I want the world to know. Kudos on all of your success and I wish you more and more. I am looking forward to seeing your Essence Magazine ad. I am sure you will alert all of us when it will be available! Can't tell you how excited I am!

Warmly,
Lori
