Subject: 1 Year Progress

Hello Cathy,

My name is Tiffany, and I've been using your system for the last 11 months. I cannot believe the progress that my hair has shown. I just wanted to show you some before and after pictures. The last one labeled Christmas vacation was taken December 25th, 2005. The other ones were taken November 26th, 2006. I think I may have gotten more than 6 inches already and my 365 day challenge does not end till Dec. 25th. Thank you so much for creating products that help us retain length. My hair is currently midback, past brastrap length. I am going for waistlength and I know that I can achieve it with your techniques and products. I am so glad that I stuck with it and followed through! Thank you Cathy!! I'll send you more pictures at waistlength!

P.S. Oh and I haven't trimmed once!
