Subject: I love this product!

Hi Cathy,

I just got all three products in the mail last Thursday & I love it. Today is Tuesday & in just the few days I've used it, my hair is softer more manageable. I LOVE THE daily creme conditioner. I was skeptical at first because there are so many people out there claiming that their products work & they don't. I know this will grow my hair because like you said african american hair is just extremely dry & now my hair has moisture. Like many other African American women, my hair has been severely damaged by chemical processing. All I want is to be able to wear my hair natural & still have it manageable & for it to grow. I thank you & Jesus for your product..lol seriously. I thought there was no hope & now I know there is. Thanks again Cathy..I'm looking forward to my hair growing & hopefully I'll have long hair like yours one day!
