Hi Cathy,

Just a quick email to say it was so so nice meeting you at the Afro Hair & Beauty Show you were so approachable and lovely to talk to. Myself and my three sisters, my sisters friend and my niece attended the show and found you so inspiring. Thank you also for taking the time to sign our books and take a picture with me. We hope that you will be coming over to England again and we will definitely be attending.

I have been using your products since January and my hair has grown three inches the last time I checked and I am so happy with this. It's not just that it has grown, but it is so healthy and it feels great.

Thanks Cathy and we greatly hope to see you again soon.

P.S. Just a note to also say that Mike who works as a distributor in Wembley is a god send. He is so professional and my sisters and I will only ever order from him.

Once again Thanks!
