To Ms. Cathy Howse,

Thank you so very much your book - we black women need all of the help that we can get to assist us in becoming the beautiful black Queens that we are supposed to be. After reading the book (in one setting) I ordered your products - conditioner, cream moisturizer, and dew. Wonderful ! Wonderful ! My hair is loving you at this time. I am also using the system on my daughter and niece. Again, thank you so very much.
