I have never had an opportunity to thank Cathy for making a product that actually works. I have been a proud user of UBH products for over 3 years. I swear by the products and the book. THANK YOU for sharing your knowledge and finally telling black woman the truth.

Since I started using your products my hair has length and a nice texture. I always get comments that it is a weave because it is believed that black woman cannot get their hair to grow pass their shoulder, how ignorant. I even had a co-worker blatantly ask me if I was weaving my hair because she is Indian and always sees woman of color with weaves she never imagined my hair was mine, UNBEWEAVABLE. I find that I have to explain to those who are curious that I take pride in myself that includes from head to toe.

I use the dew in the summer because it is lighter and in the winter I use the Lotion Creme Moisturizer. My hair is in the middle of my back and it is still growing. I only go to a Dominican hair saloon because you do not have to argue with them. I went to a black owned hair saloon and the hairdresser told me the deep conditioner I was using, UBH of course, was no good. Well that was the last time I went there. My Dominican beautician begs me the share my information.

Thanks again for being a great entrepreneur.
