I have just ordered some of your products. I saw my daughter's hair which was short and she had a scaly scalp. Someone told her about your products and she has been using them now for about a year. Her hair is shiny, thick and shoulder length. I could not believe the change. I just ordered some of your products two days ago and I can't wait to receive them. I also ordered your book for her and myself. I had long hair and now my hair is short. The beauticians were interested in getting my money and they cut my hair off. The beautician would tell me almost every time I sat in her chair that she needed to trim my ends. I would leave paying nearly \$100.00 for services. My hair is thin, limp, dry, and dull looking. Thank you for your research and caring about black hair care. FOR PEOPLE WHO WRITE YOU SILLY THINGS, PRAY FOR THEIR IGNORANCE. BLACK WOMEN OVER THE YEARS AND CONTINUES TO NOT HAVE GOOD HAIR CARE SERVICES. SOME OF OUR HAIR DRESSERS ARE PIMPING THE BLACK WOMAN FOR EVERY CENT THEY CAN GET OUT OF HER. THEY RAISE THE PRICE SO HIGH THAT WE CAN'T AFFORD TO GET OUR HAIR DONE LIKE WE SHOULD. Thank you so much for caring.
